

DREN SOKOLI

WEB DEVELOPER

To Leadership Institute of Future Engineers

10.03.2020

Dear Sir or Madam,

By means of this letter I would like to inquire about the possibility of taking part in this outstanding experience at Leadership Institute of Future Engineers.

I am currently studying Computer Science and Engineering at the University for Business and Technology. Given my education at UBT, I think I am perfect for the position of LIFE trainee. The components that were discussed during my studies closely match the skills required for this position.

I would describe myself as someone who is always seeking to expand his knowledge and never says no to opportunities. I would like to put these characteristics to use within your organization because I believe that I could become a valuable member of your team. This position may be the perfect next step in my career and I expect to develop myself further as a professional.

I would like to give a more thorough explanation about why I would be a perfect fit at LIFE in the forthcoming steps of this process. Thank you for your consideration. I look forward to hearing from you.

Yours sincerely,

Dren Sokoli
