## WEB DEVELOPER

To Leadership Institute of Future Engineers

15.03.2022

Dear Sir or Madam,

Please accept this letter as an indication of my sincere interest in this outstanding experience at Leadership Institute of Future Engineers.

I am currently studying Computer Science and Engineering at the University for Business and Technology. Given my education at UBT, I think I am perfect for the position of LIFE trainee. The components that were discussed during my studies closely match the skills required for this position.

I would describe myself as someone who is always seeking to expand his knowledge and never says no to opportunities. I would like to put these characteristics to use within your organization because I believe that I could become a valuable member of your team. This position may be the perfect next step in my career and I expect to develop myself further as a professional.

I would like to give a more thorough explanation about why I would be a perfect fit at LIFE in the forthcoming steps of this process. Thank you for your consideration. I look forward to hearing from you.

Yours sincerely,

Dren Sokoli
